Dear professor Thadani,

I hope this message finds you in good health. I would like to express my deep gratitude for the invaluable assistance and guidance you provided me throughout my educational journey. Your support played a pivotal role in helping me navigate my path in this new country and establish a strong foundation for my budding career.

I am delighted to share that I have successfully graduated, passed the Nclex exam, and am now officially registered. Furthermore, I recently took the exciting step of applying for a nursing position at William Osler Hospital, and I'm thrilled to report that I successfully passed various stages of their rigorous examination and interview process.

As part of the application, they have requested a reference, ideally from one of my esteemed professors. I am writing to request your permission to list you as my reference. Your endorsement carries immense significance for me, and I have the utmost confidence that your support and commendation would greatly strengthen my application.

Your help and support have been instrumental in my journey, and I cannot thank you enough for the role you've played in my educational and professional development. I am eager to continue making you proud as I embark on this new chapter in my nursing career.

With heartfelt appreciation,

Zeynab
