To Avinash Thadani <Avinash.Thadani@GeorgianCollege.ca>

Hi Avinash,

Hope your evening is going well! I just was wondering what percentage of the material will be on the test. I've heard other classes saying that their exam is composed of 20% of the previous units and then 80% of chapter 11-16.

I also wanted to take the time to say thank you for a great semester of Anatomy. You definitely made the class enjoyable and I will definitely recommend you to future nursing students. I am hoping that I will be able to get into that online course with you!

Thank you!
