Dr Avinash Thadani is the most amazing professor, he's approachable and such a resource for his students, I can't thank him enough for his time and patience. He's an asset to Georgian College especially the nursing students. the voice over power points are amazing as well as the supplemental videos provided He answers his emails promptly he always tell us at the end of class to email him or stay after class if we need any extra help or clarification. and always answers questions during breaks in class, he's very supportive to our learning thank you for everything
Avinash is extremely smart and highly educated he can explain any question you have and gives very detailed feedback on assignments even when he is overwhelmed his self.

Following the class slides so it is easier to follow along during the lecture
The online videos he posts and the handwritten notes he makes are really helpful. Sometimes the handwritten notes are hard to read, but overall great support.
