Avinash does a great job simplifying and breaking down content so it is easier to understand. He provides reviews and summaries for midterms and exam
encouraging me and letting me know that he is always available if i have questions related to my learning. when i started AnP 1 i was told by some seniors that, it was the most difficult first year HBNS course an that a lot of students are usually unsuccessful in it. but Dr Avinash made it so easy to understand concepts, he taught us mnemonics where necessary and always encouraged me. he is an excellent instructor committed to student success. God bless him
Avinash is an incredible teacher who genuinely cares about his students' success and learning. He is the best.
prioritizing understanding over memorization
Providing detailed feedback to all learning and takes the time to explain the content in ways the students will understand. Makes the assessments fair for student learning
Answering all my questions, explaining things in detail. I ask a lot of Qs in class. He also asks the class a lot of Qs. He gets us engaged. He teaches thoroughly. He explains and gets in detail. He's honestly the best. He goes above and beyond. He creates practice quizzes for us. He gives reviews and explains why wrong answers are wrong and why right answers are right.
Giving me good and thorough feedback

Course is great!
Although this is a content heavy course, I think it should be taught in a way students can understand or at a slower pace because there is so much content which does get overwhelming/confusing.
pls do not change the professor. he is the man for the job
