I learned a lot! I appreciate how well organized Avinash's classes are. The additional videos, the case studies, and quizzes really helped me with studying. I enjoyed every class. Thanks – Teresa Sorrento
He is very very informed on the subjects in which he teaches and is very passionate about pathophysiology. He is able to answer any questions that my peers or I may have and he evaluates our learning in appropriate ways.
explaining everything well, and provided additional resources to support learning
Everything is good
motivating me and also support us in class
super good teacher

Pharmacology will be tough next year. I would like Avinash to teach the course please!
Having the knowledge we need to know clearly stated in the weekly content and to go over that in the lessons.
stay the same
the only thing needed to improve is that when giving back feedback don't only give the answer wanted give me what i need to improve to get to the full 100% for example " this is what your missing... and "here's the answer"".
he also respond to emails on time

What recommendation(s) would you make to improve this course?

Comments
none.
More straight-forward learning content and to be presented in a more linear way.
the course might need more classes so the matter can be covered in a slower pace
no issues with the course itself
